

Hello Friends! It is our hope that you all are doing well. While you are home from school, it is also our hope that you are using your time and resources wisely. Please remember that a healthy mixture of fun, schoolwork, rest and healthy eating are all wonderful ways to make the best of our current situation. To help you with this, each week, I am committed to providing you with a virtual opportunity to explore and learn more about the world and culture from the comfort of your home via our now weekly parish newsletter. All you need is a laptop, smartphone, time and a healthy snack!

This week our focus is on museums. Museums are important because they provide us with the awesome opportunity to collect, preserve and showcase many different types of cultural, religious and historical objects for the world to see and explore. Did you know that you can visit some of the world's most famous museums from home? If you didn't, please take a moment and explore this list of links to these world-famous museums you can explore in your downtime. As always, know that you are amazing, you are loved and most importantly, enjoy your virtual journey.

## **1. THE LOUVRE**
